TO WHOM IT MAY CONCERN

DIRECTORY OF ENVIRONMENT SERVICES MALAYSIA, 2004-2005
(FOURTH EDITION)

Further to the Application Form for listing, the attached is the Contract Form for inserting your Company Profile and advertisement.

This Directory brings together, in one document, the most up-to-date and comprehensive list of bona fide environmental companies in Malaysia, offering consulting, contracting and related services.

It will be circulated to the manufacturing industries, Ministries, Government Departments and Agencies (both local and worldwide), embassies, universities, research organisations, trade and professional associations and the environmental industry.

You are invited to advertise your company in this Directory as follows:-

Company Profile Page

This contains guided information on your company. Advertisers must adhere to the sample format attached to standardise the layout and accept that it will be subject to edit.

For companies that have advertised in the previous 1998, 1999 and the 2002-2003 issues, please update the information in **RED** and return it to us together with the Advertising Contract Form and payment by **20th October 2004**.

The advertising rates are:-

	<u>AECCOM members</u>	<u>Others</u>
	RM	RM
Black and White Company Profile	500	800
Company Profile with additional:-		
One coloured photo	900	1200
Two coloured photos	1000	1300
Three coloured photos	1100	1400
Four coloured photos (maximum)	1200	1500

Persatuan Perunding dan Kontraktor Alam Sekitar Malaysia
Association of Environmental Consultants and Contractors of Malaysia

Free-Form Page

Unlike the Company Profile Page that is guided, this page has no restrictions and is a means to enhance the display of your products and services further. However, please note that the Free Form Page is offered only to those who advertise in the Company Profile Page and will be positioned facing it.

The advertising rates are:-

	<u>AECCOM members</u>	<u>Others</u>
	RM	RM
Black and White	500	800
Colour	600	1200

Special Page

This is similar to the Free Form Page except for the special positions and is in full colour only. Again, this is offered only to those who advertise in the Company Profile Page. The special positions and rates are:-

	<u>AECCOM members</u>	<u>Others</u>
	RM	RM
Outside Back Cover (colour)	2000	3500
Inside Front Cover (colour)	2000	3500
Inside Back Cover (colour)	1300	2500
Facing Inside Back Cover (colour)	1100	2000
Facing Foreword Page (colour)	1100	2000

Intermediate Page

These have no conditions attached and will be slotted opposite section dividers, etc., and at the discretion of the publisher.

	<u>AECCOM Members</u>	<u>Others</u>
	RM	RM
Black and White	700	1100
Colour	800	1200

The Advertising Contract Form and Advertisement Information and Requirement information are attached.

Persatuan Perunding dan Kontraktor Alam Sekitar Malaysia
Association of Environmental Consultants and Contractors of Malaysia

In the event multiple bookings for the same space are received, bookings will only be confirmed upon receipt of payment, on a first-come, first-served basis.

Please submit your artwork and/or transparencies with your application, if possible. Otherwise, please furnish them to AECCOM Secretariat at your earliest convenience.

Should you need further clarification or information, please let us know. We would be pleased to assist.

Yours faithfully

GENERAL DESCRIPTION

Chemical Laboratory or CHEMLAB in short, is a member of the KAM Holdings Group of Companies - a group specializing in many aspects of scientific and technological services in this part of the world.

Chemical Laboratory is dedicated to technical excellence in assisting its clients to operate more optimally and profitably, whilst complying with existing and future government regulations.

As a technology based and service oriented company, we provide a responsive and responsible analytical approach in addressing critical issues. These include issues related to the environment (including air, water, soil, liquid/solid wastes etc), Occupational, Safety & Health (OSH Industrial Hygiene Management), food quality (including agriculture, food supplements, traditional/herbal preparations, food & food products etc), cosmetics and toiletries, raw and process water treatment for boilers and cooling towers.

We practise Cross - Technology and deliver solutions in diverse areas such as food nutritional studies, routine quality assurance/quality control, preservative efficacy testing, environment impact assessment and environment management system baseline monitoring, Occupational, Safety and Health consultation and follow-up etc. We achieve this through our prompt response, technical excellence, integrated multi disciplinary approach and above all, a warm and personalized service. Our philosophy involves the creation of partnerships with our clients. We see our role as the premier laboratory and chemical technology partner of choice to our many valuable clients, and continual efforts are made to improve and build on relationships, which we see as integral to the success of any assignment we undertake.

Chemical Laboratory is a professional and market-oriented company and has extensive networking experience in anticipation of what industries require - or would need in the future. We recognize the increasing concerns on sensitive issues demonstrated by commitment by our government for which we identify and seek strategic and/or smart partnerships to serve the various areas of high growth potential now and in the near future.
